Re: *Notice of Ex parte* presentation in WT Docket No. 06-150

Dear Ms. Dortch:

On May 17, 2007, Andrew Jay Schwartzman and Harold Feld of Media Access Project, and Gigi Sohn of Public Knowledge, met with Chairman Martin, Erika Olsen, and Catherine Bohigian with regard to the above captioned matter.

The parties discussed the PISC open access proposals and the Frontline proposal. In particular, the parties stressed that Frontline should not be approved unless the license includes an open access condition designed to provide spectrum to a wide range of users for broadband purposes. An E Block license that merely provided additional roaming capacity for incumbent wireless providers would not serve the public interest.

Chairman Martin asked how PISC would propose implementing as license conditions, either on Frontline or on the PISC proposed 30 MHz of spectrum, mechanisms to ensure that the public interest benefits desired by PISC would emerge. The parties replied that they were examining a number of proposals which they intended to present to the Commission in formal comments next week.

In accordance with Section 1.1206(b) of the Commission's Rules, 47 C.F.R. § 1.1206, this letter is being filed with your office.

Respectfully Submitted,

Harold Feld
Senior Vice President
